

# SV10 LED Underwater Light

Thru-Hull Mount, LED Retrofit

The SV10 LED Retrofit Kit is designed to serve as a direct replacement for the SV10 HID components without the need for replacing the main housing.

## **Installation:**

Unless other housing components need replacement, the SV10 LED Retrofit Kit installation can be performed while the vessel remains in the water.

Remove existing HID components shown in Figure 1 per SV10 HID Thru Hull Light Installation Manual.

Install supplied new LED components shown in Figure 2 per supplied SV10 LED Thru Hull Underwater Light Installation Manual. Note: The SV10 HID ballast and ballast box will need to be replaced with the new SV10 LED driver and driver box. Please use supplied SV10 LED Driver Box Installation Manual for this operation.

## **Troubleshooting:**

Please contact our Florida technical support staff at 1-954-760-4447 or French technical support staff at +33 (0) 497 21 0296, Monday thru Friday from 8:00 am to 5:00 pm local time.
